

# KELISS™ NeoWash Ultra

Released **2024**

**11,000 RPM**  
Super Fast Air Dryer

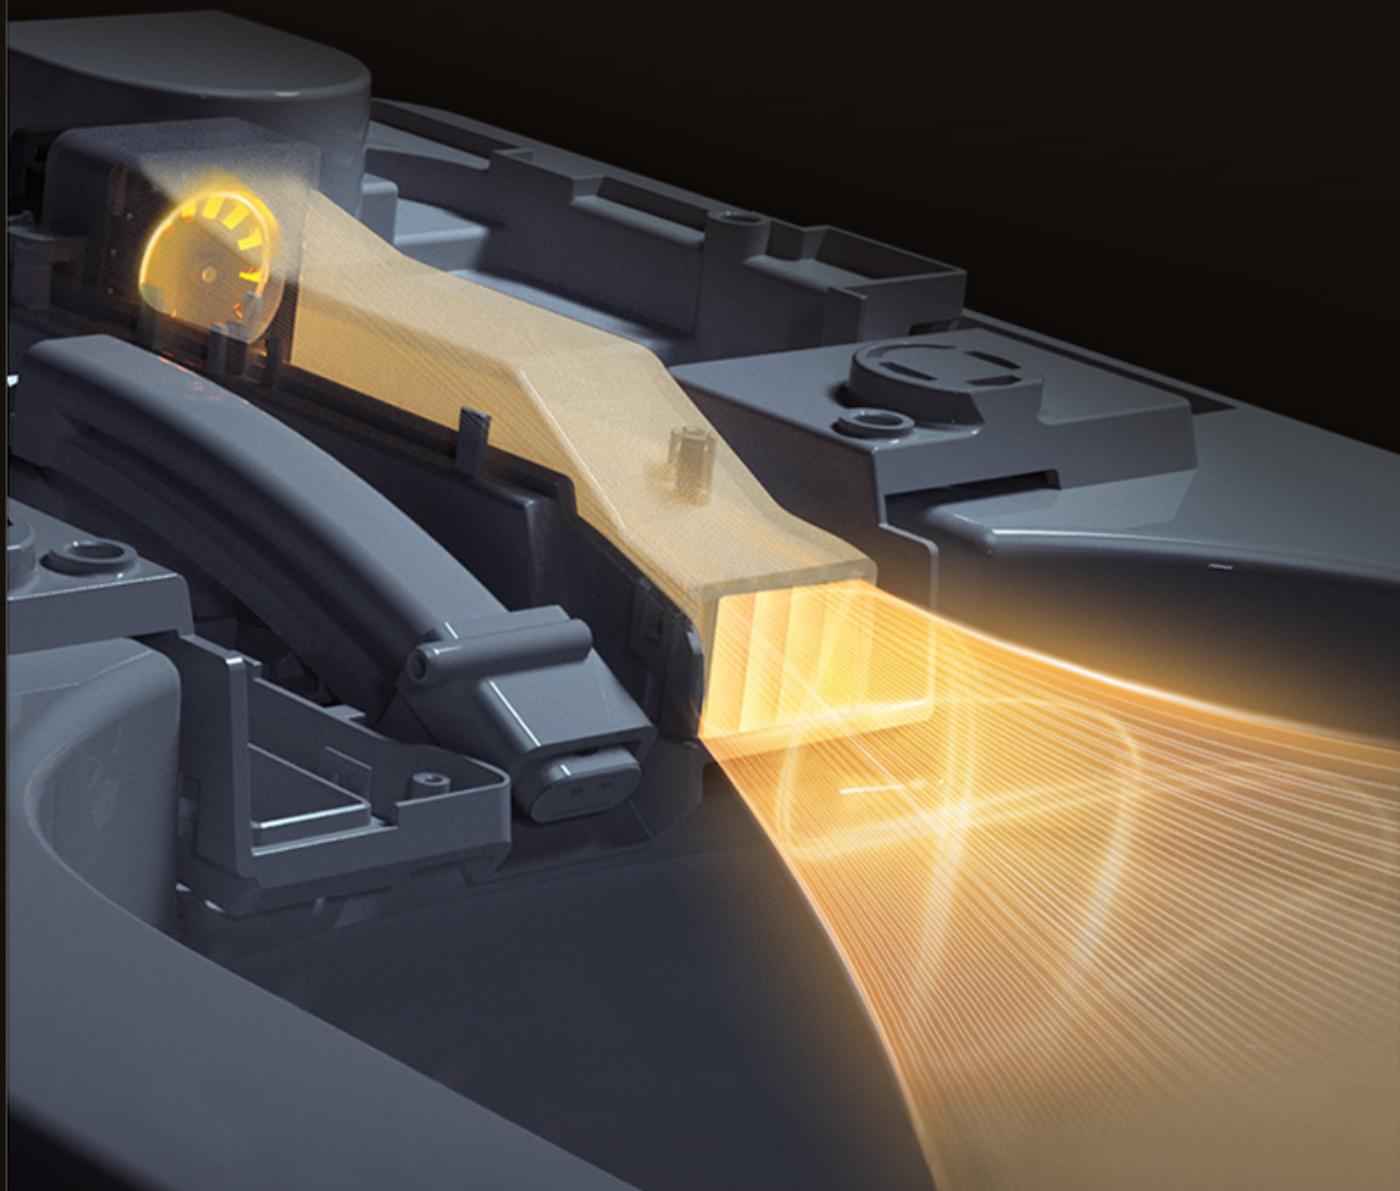

**[www.KELISS.com](http://www.KELISS.com)**

# 60 s Ultra Fast Dryer

High Speed 11,000 rev/min drying experience

Extra fast dryer to accomodate a true drying experience

Wind Speed

29 m/s

Wind Speed

9X<sub>+</sub>

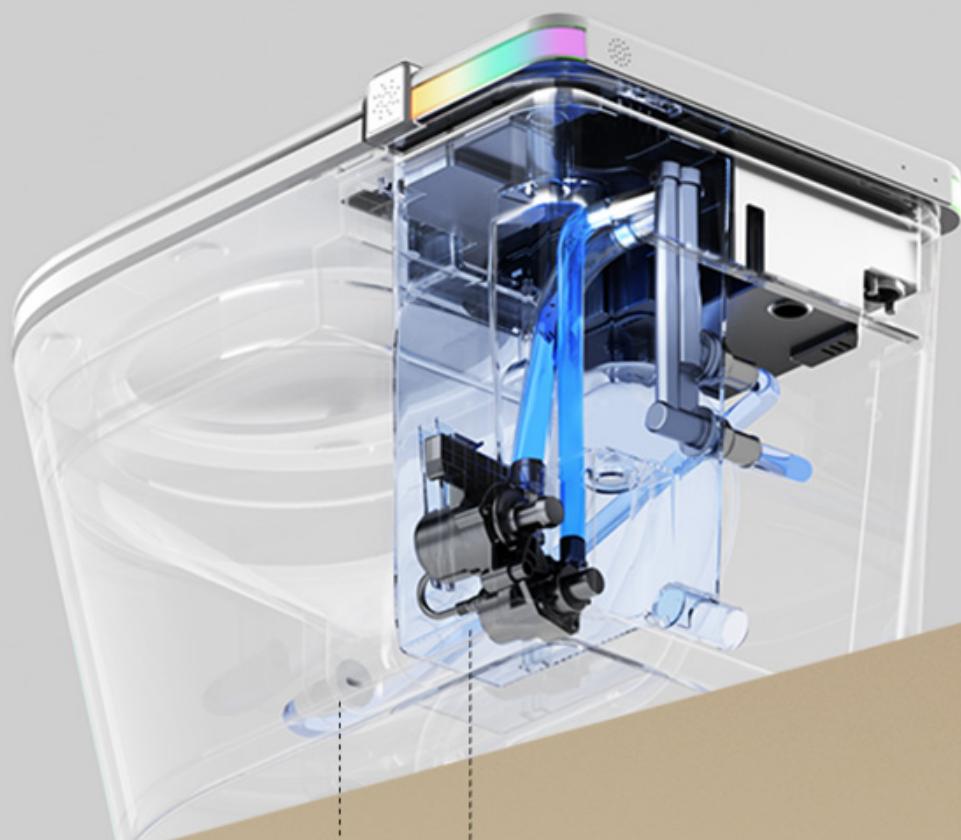

# Booster Pump

## Dual Pump Silent Flush

### Power Flush

#### Operated with booster pump

Dual pumps simultaneously build up pressure, offering stronger and more stable flushing, power compared to single-pump flushing systems on the market

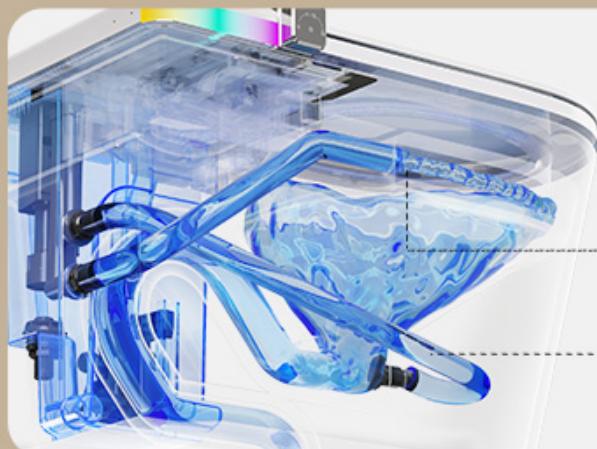

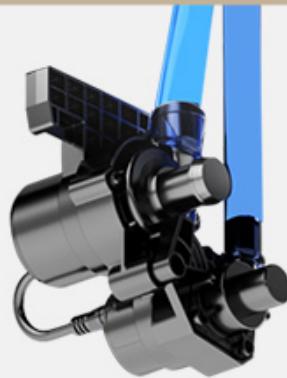

Dual Pump

Silent Diverter Valve

# Booster Tech

**Double pump booster:**  
harnessing greater  
potential energy,  
with stronger thrust.

**Dual water channels**  
for simultaneous flushing

Single water channel (top flush).

Dual water channels (bottom flush)

## High-performance water tank

No water pressure limitations,  
with more stable flushing power.

## **Whisper-quiet flush at low decibels – your peaceful night's sleep, uninterrupted**

Dual water channels flush simultaneously, with the top flush masking the bottom flush noise, achieving a low-noise effect under 60 decibels – far quieter than other smart toilets

Zero water pressure, dual pump,  
whisper-quiet flushing system.

≤59dB (A)

**-21** dB(A)

Significantly reduced!

Standard smart toilet  
without noise-canceling technology

80dB (A)

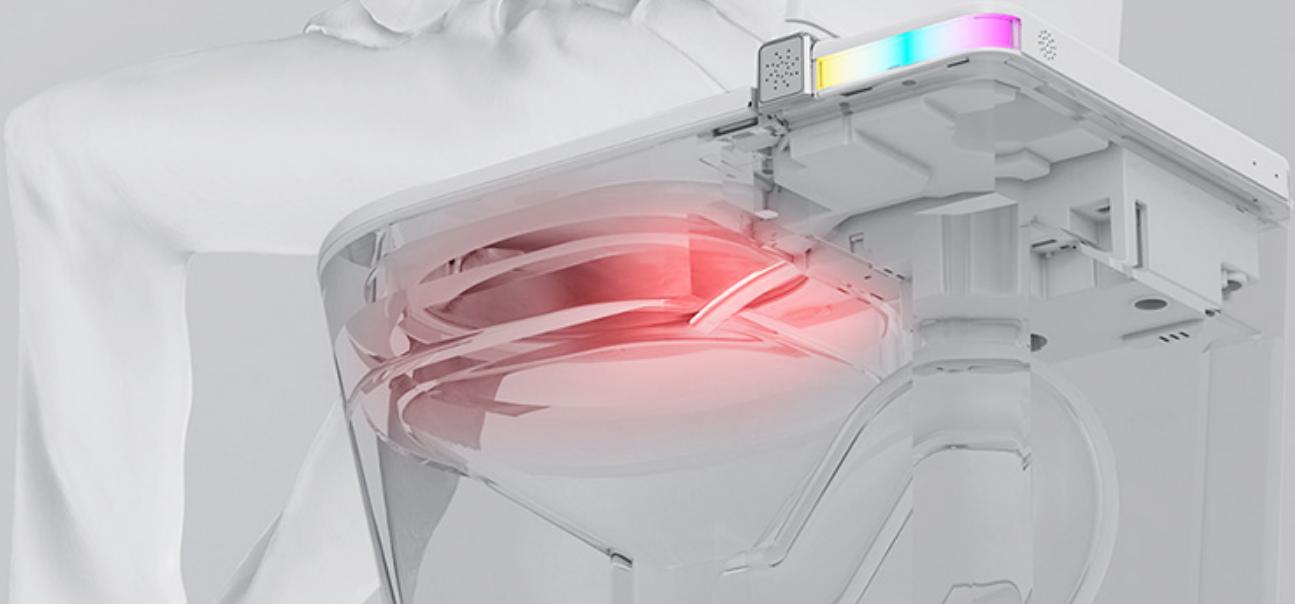

# 3.5cm Ultra-thin lid

Slimmer than ever,  
trendier than you imagined.

# Infrared Therapy

Infrared Assistance –  
Safe Warming Up

## Infrared-assisted illumination

Using infrared lighting to gently stimulate warmth, promoting better blood circulation

"Note: Infrared therapy is an auxiliary method. For serious health conditions, please consult a doctor before use."

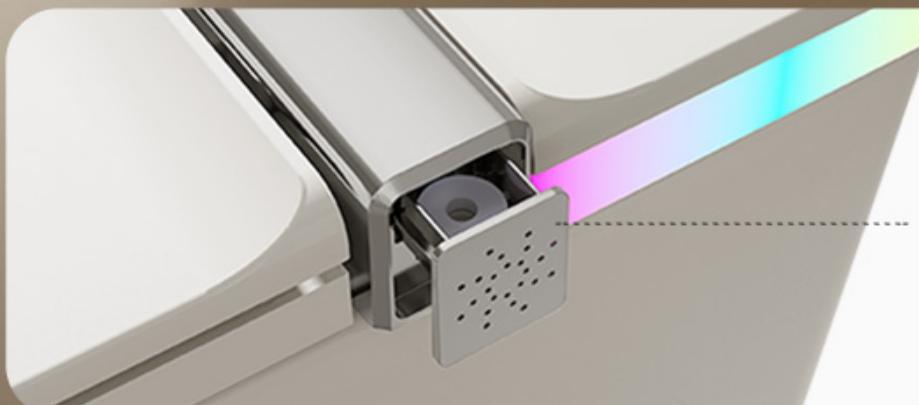

# Auto Aromatherapy

–Relax and breathe freely  
while you refresh

Automatic deodorisation release,  
with fragrance released from the diffuser.

Perfect for busy morning schedules.

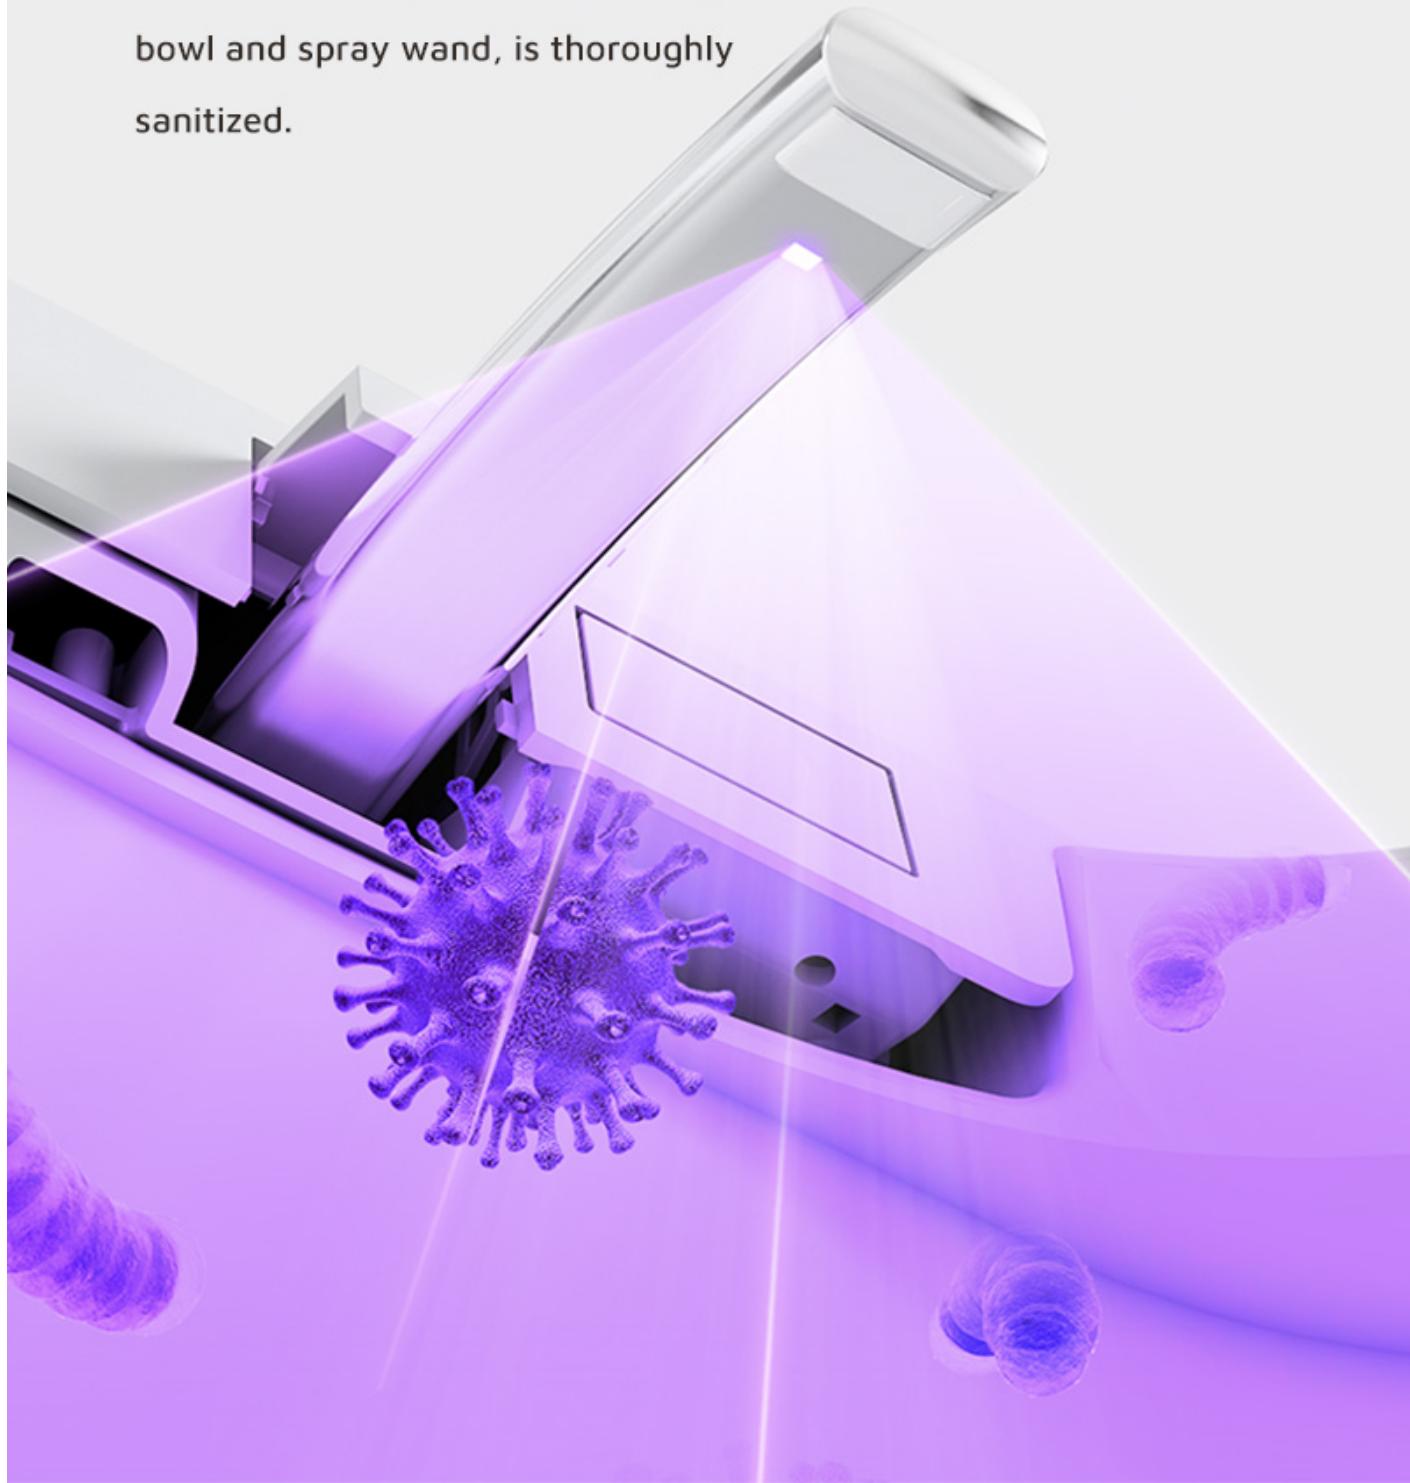

Press-to-release  
fragrance outlet –  
Simply add your  
favorite scent tablet for  
a refreshing experience.

# UV sterilization

- Automatically activates when the lid is closed for a germ-free environment.

360° comprehensive sterilization with the lid closed – every corner, including the bowl and spray wand, is thoroughly sanitized.

# Antibacterial upgrade

Taking your bathroom experience  
to the next level of health and hygiene.

**SGS certified  
Anti Bacterial Seat**

**Smart clean glaze**

- Crafted at high temperatures  
for a pristine white finish  
that stays bright and resists yellowing

# Splash-Proof Foam shield

- Auto Foaming Upon Sit Down

Built-in liquid refill inlet

– Convenient and easy  
for effortless refills.

External design  
Disrupts the overall  
aesthetic of the space.

# Proximity-Triggered

Automatic lid opening

As you come near

Auto Flush and close

as you leave

Adjustable sensing range

← tailored to  
your preference →

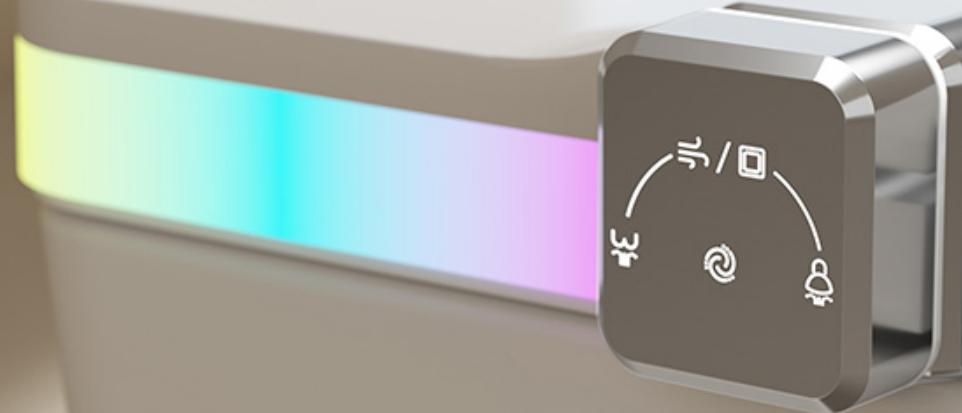

# Side Knob Controller

Easiest For Adults and Kids

One twist, One press

One press to stop,  
flush, or dry

Rotate clockwise  
for feminine wash

Rotate  
counterclockwise  
for posterior wash

# Choose Your Favorite Color

- A vibrant atmosphere

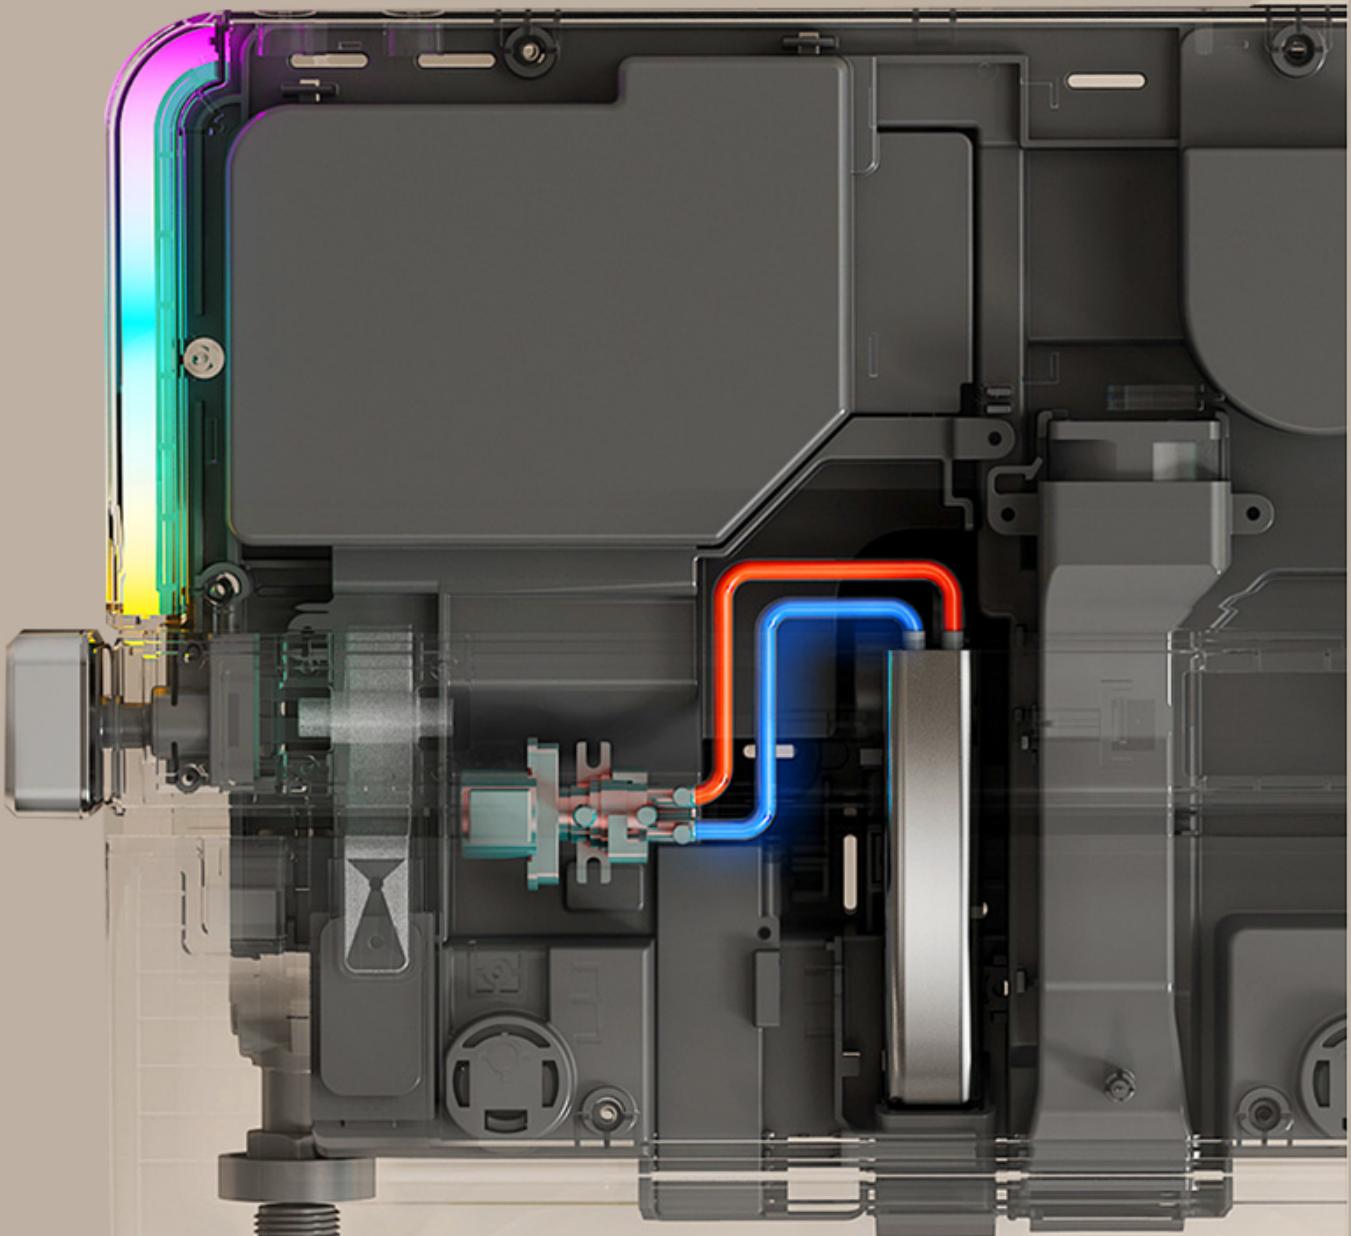

# Independent water inlet

– Instant filtration  
and heating in 0.1 seconds

Independent fresh water pipe with built-in filtration,  
dual-pipe rapid heating for instant warmth in 0.1 seconds.

# Multiple cleaning modes for a refreshing and comfortable wash

**Dual water  
channel design**

Flushing Water

Cleaning Water

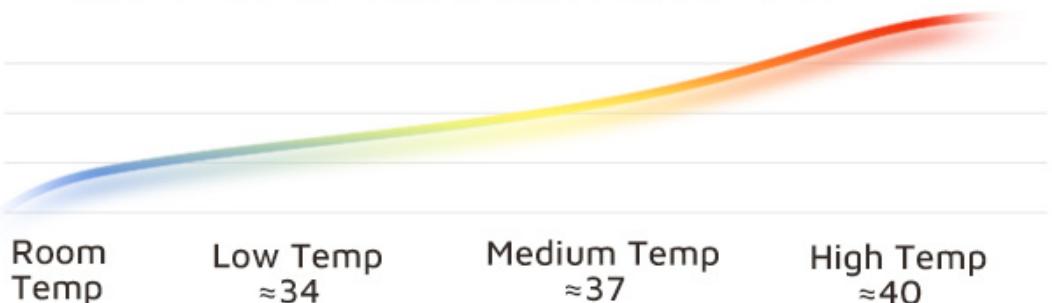

# Year-round comfort warm in winter, cool in summer. A seat that feels just right.

Auto temperature adjustment  
with the seasons

- heats in winter,
- cools in summer

All-season temperature auto-adjustment

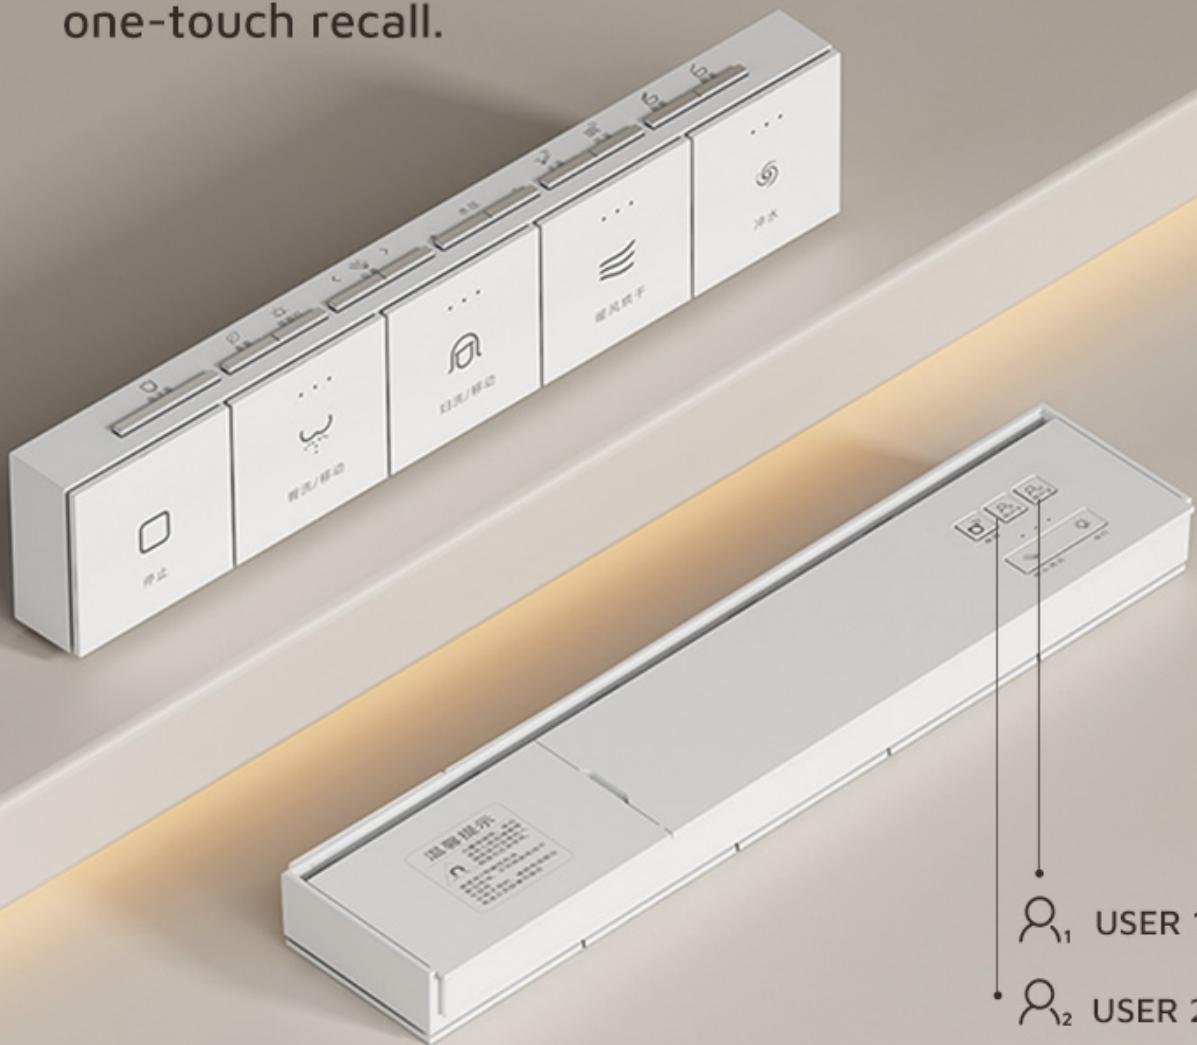

# Dual User Memory Buttons

## Switch to your personalized mode with one touch

Remote with user memory

Saves your bathroom preferences for one-touch recall.
